### DR. J. BRADFIELD'S LADIES' COLUMN. FEMALE REGULATOR.

WOMAN'S BEST FRIEND.

It is well known to physicians, and alast too well known to suffering women themselves, that they are subject to numerous disbutter that has become sour or ranoases poculiar to their sex, such as suppression of the Monass, painful and scarty Men struction. Congestion, Ulceration and Falling of the Womb, attended with an endless train of sympathetic and constitutional dis-orders, which embittors the whole life, and which have long been considered as almost incurable. But at last the remedy has been found in

Dr. J. Bradfield's Female Regulator.

the Woms.

Any sufferer from the diseases mentioned can take this remedy, and thus relieve her-self without revealing her condition to any one, and without subjecting her womanly healthy?

And what has she had to pay for all this? Just her board ad clothes as she went along, and f you were to die to-morrow all hat she could claim of the property that she had worked so hard to help you save, would be the use of one third of the real estate; and in nine eases out of ten, that is literally worse than nothing. If it had not been for your wife's help, would you have been worth so much to-day as ou are now? If you had been obiged to hire a woman to do the work that your wife has done for E pecial Attention to Each Child Daily her board and clothes, do you imagine that you could have done

The young workman who desires chine must not be afraid of labor. The suspension of the usual daily work at the bench, lathe or saw, should be the beginning of an intel-lectual labor that will aid him to ift himself to a higher plane in due time. Of course we do not think it wise for a young man to tie him-

self down to study every night, or to toil unremittingly every day. The brain and brawn must have rest, and it is quite as essential that the mind should receive a tone in the shape of fun and amusement as it is that the body should be sustained, nourished and invigorated; but amusements have their ime and place, and should not be permitted to interrupt the studies of the aspiring mechanic. Remember the only roads to promotion are

steadiness, judgment and intellec tual advancement. The true rule or a young man is to make himlic. You can make money self as useful as possible to his em-faster at work for us than at ployer. He should never feel satself as useful as possible to his emanything else. Capital not isfied with himself as long as any needed. We will start you. \$12 a day and upwards made at home by the industrious. Men, women, boys and girls wanted everywhere to work for us. Now is the time. You can work in spare time only or give your whole time to the business. You can live at home and do the business. You can live at home and do the business. You can live at home and do the business will pay you the business, You can live at home and do the work. No other business will pay you nearly as well. No one can fail to make enormous pay by engaging at once. Costly outfit and terms free. Money made fast, casily and honorably. Address TRUE & is no "royal road to success" in any in any of the success of the success. of the matters of life, and this axiom is doubly true when applied to he mechanical arts. He who suceeds the best is he who is unremitting in his labors. A - man who egards work as a hardship, an oppression, can never do anything well. He must take an interest in

Whilst character and natural aptitudes are subject to education and training, they are yet born, not made. What shall we do with our daughters then depends very much upon what our daughters do cheerfully, willingly and successfully .- Rural World.

Borrowing Tools.

Borrowing tools from each other a habit common among southernrs, although one of the very worst they can cultivate. As a rule if a farmer has no tools, or such as are necessary to till his soil, he had better sell a portion of his farm and thus get money to procure what he needs; it is unreasonable for him o expect his neighborhood to be nconvenienced constantly for his sake; crops in the same locality should be cultivated about the same time, hence to ask a neighbor for

borrowing will become still more CORRESPONDENCE solicited and satisfacinnoying, because no one cares to loan out what has cost him considcrable money, and take the chances of having it injured by inexperinced operators. The facts are early against the system, and there no palliating argument to use in ts favor, therefore, do as suggested bove, sell land if necessary, and ouy tools enough to properly culti-rate the remainder. If, however, eighbors should break through the rule, and borrow from each oth-, be certain to return the tool mptly, and in good order, but en then a too frequent call for such favors is certain to result in unpleasant relations between the arties. - | Southern Industries.

Deep plowing in good soil is the ecret of success. The ground beng well turned, many of the para-sites and insects so fatal to plants re killed, the roots can penetrate ore easily, and all moisture is the ore readily absorbed. To depend olely upon seasons is, no farming, or where intelligence has been given to man the Almighty will not cater to his indolence. Rain falls when and as it should, and where the land is properly cultivated, fer-tilized, and routined in crops will yield large returns; but scratch the surface only two or three inches leep, of course, without almost daishowers, the heat of our southern sun will parch up what is planted. lover is a wonderful restorer of fertility, and should have a field on every tarm. Cattle, sheep, and horses ought to be pastured on the fields after the crops are gathered and the weather permits, as the lroppings from them make excelent manure. Once the nature of he soil is ascertained, fertilizers to suit its peculiarities should be placed upon it, thus repaying for what has been taken away, and assuring another good erop. Another capital idea is to plant less ound and thoroughly cultivate it; put the remainder in grass, from shich a large yield of hay can be gathered, besides resting and renoating the soil. With a small capital a few cattle can be bought at d. attened on the pastures, returning a considerable revenue without

The Chicago Record tells how rafty scoundrels swindle the farmrs of Butte county. These farmers and the modus operandi of the sharpers who cheat the unsuspecting agriculturists is thus described: "The roughs watch the papers for estray notices. An idle girl is a body-laced, shoulder-braced bundle throat Troubles which Singers and Published Throat Troubles which Singers and Published f disease, weakness and frivolity; a lie Speakers are subject to. For thirty irl who works is "a thing of beauty | years Brown's Bronchial Troches have been recommended by physicians, and have always given perfect satisfaction. Then let your watchword be labor, t your religion be practice, let your ractice be constant, upward, strivig; let your mind be ever contriv- rank among the few staple remedies of ng, let your hand be ever doing, let the age. Sold at 25 cents a box every

Bestetter's Stomach Bitters extirpated dyspepsia with greater certainty and promptime than any known remedy, and is a most genial invigorant, appetizer and aid to secretion. These are not empty assertions, as thousands of our countrymen and women who have experienced its effects are aware, but are backed up by irrefragable proofs. The Bitters also give a healthful stimulus to the urinary organs.
